

Tipton Tournament Hospitality Room Information

The Tipton boys and girls basketball tournament is quickly approaching. This is an annual tradition here at THS that many look forward to. During the tourney the booster club and boys and girls basketball teams host a hospitality room for the coaches and administrators of the visiting schools. Anna Diggs is working hard to secure donations from local businesses to provide the main dish every night. For the desserts and appetizers we need the help of the high school boys and girls basketball players. The booster club has divided out the days and each group will bring in food items twice during the week. Please have those items to the school 5:00 PM. If it is easier for you, you can have your student bring the items in and drop them off at the office the day you are to donate.
